

WELCOME TO RESIDENCY

Welcome to Sovah Internal Medicine Residency! We are an academic community health care facility that is part of Lifepoint Health. Our resident physicians provide comprehensive medical care for patients in the underserved Danville, VA region.

Our FAMILY MEDICINE and INTERNAL MEDICINE residency programs provide patient-centric teaching that emphasizes practice-based learning, evidence-based medicine, and professional development. Rotations are structured to ensure that our residents do not have to compete for patients or procedures.

”

*The sense of community at Sovah is unparalleled.
It's a pleasure caring for the people of Danville
alongside such gifted and compassionate colleagues.*

*Sovah Internal Medicine Chiefs, 2024-25
Sunil Devkota, DO; Stecker Pierson, MD; Nistha Acharya, MD*

Internal Medicine Residency:

***Making
Communities Healthier
in Southside Virginia***

INTERNAL MEDICINE Residency Program is a 10-10-10 program that incorporates exceptional inpatient and outpatient medicine learning experiences at Sovah Health with sub-specialty rotations to create a dynamic educational process.

Why Train at Sovah?

Our residents train at Sovah Health - Danville, an academic community hospital located on the border of Virginia and North Carolina. The 250-bed hospital has formal affiliations with Duke University Medical Center in the areas of Cardiology, Stroke (Telestroke) Care, Infectious Disease Control, and Radiation Oncology. Sovah Health has comprehensive surgical services, a closed ICU (run by an Intensivist and resident team), 24-hour emergency services, a women’s & children’s center, pediatric services, an advanced wound healing center, two cardiac catheterization labs, and medical & radiation oncology services.

Our residents and medical students contribute to Sovah’s mission of Making Communities Healthier each and every day.
